CIVIL NO. 69-7941 MV/LFG

RIO CHAMA ADJUDICATION

Pueblo Claims Subproceeding 1

**ORDER EXTENDING PUEBLO CLAIMS SCHEDULE**

THIS MATTER is before the Court on Ohkay Owingeh's Motion to Extend Pueblo Claims Schedule. [Doc. 10902].

The Court entered an order extending the Pueblo Claims Subproceeding 1 Schedule on March 23, 2012. [Doc. 10802]. Ohkay Owingeh seeks a three month extension of the deadlines in the March 23, 2012 Order because: (1) weather conditions have delayed the completion of archeological field work, thereby delaying completion of the archeological experts' report; and (2) Ohkay Owingeh's hydrologist suffered a debilitating medical emergency requiring the need for a replacement hydrologist, which in turn will delay the completion of pending projects and the preparation of reports currently due in September 2013. All parties that filed pleadings in response to the Pueblo's claims in this subproceeding have stated that they do not object to the requested extensions to the schedule. The Court will GRANT the motion. The deadlines for the events in the March 23, 2012 Order are extended to the dates listed below:
